

**ST. JOSEPH'S CLINIC**

## St. Joseph Mercy Clinic Internal Medicine Opportunity

**St. Joseph Mercy Clinic** is recruiting an Internal Medicine physician to join their well established and expanding busy practice. Physicians may choose an outpatient practice by utilizing the established Hospitalist Program or option for inpatient responsibilities. **St. Joseph Mercy Clinic** is located on the medical campus and attached to the admitting hospital, **St. Joseph Mercy Health Center**.

**St. Joseph's Mercy Health Center** is a 317-bed facility located on a 72-acre medical campus. **St. Joseph's** is part of **Sisters of Mercy Health System**, a not-for-profit, faith-based health system and serves the healthcare needs of the 320,000 residents of Hot Springs and surrounding communities.

**St. Joseph's Mercy Health Center** is also part of the **Mercy SafeWatch** Electronic ICU Program. **Mercy SafeWatch** provides monitoring of more than 400 ICU beds across the **Sisters of Mercy Health System**. In 2010, **St. Joseph Mercy Clinic** and **St. Joseph's Mercy Health Center** will both begin using the EPIC Software System which will allow access to patient information with the same chart for inpatient and outpatient services. Epic's electronic medical records (EMR) provide Computerized Physician Order Entry (CPOE) and improve both patient's safety and outcomes.

**St. Joseph Mercy Clinic** is the largest multi-speciality physician healthcare provider in the area. Providing care for all generations, Mercy offers primary and specialty healthcare for adult and pediatric patients. They offer a competitive compensation as well as a generous benefits package including medical, dental, malpractice coverage, pension, matched savings plan, relocation, and much more!

**Hot Springs'** natural beauty, historical and cultural offerings, and numerous recreational and family activities make it a wonderful place to live. Hike the nature trails of **Hot Springs National Park** and enjoy the vistas from the mountaintops in the rugged backcountry of the **Ouachita National Forest**. Or be pampered at the luxury hotels and famous thermal baths of the resort city of **Hot Springs**.

Five crystal clear lakes, known as the "**Diamond Lakes**" lure many who love water and beautiful scenery. The largest **Lake Ouachita** offers a wilderness experience combined with the amenities of full-service resorts. And at many locations, you can enjoy a round of golf after you've finished a morning fishing excursion. Eleven championship golf courses, hiking, camping, fishing, tennis and boating are just some of the ways to enjoy the natural resources of the area.

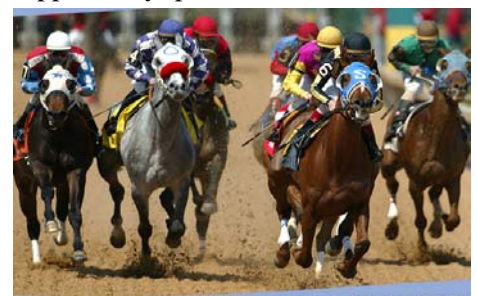

**Hot Springs** offers a high quality of life with living expenses 4.7% lower than the national average. A top-notch school system, local community college, technical college, and three universities are all located within 50 miles of Hot Springs. If you or someone you know is interested in learning more about this spectacular opportunity, please feel free to call or email me your CV.

Sincerely,

*Jennifer Burnett*
